

Dash Instruments Operation and Diagnosis

Puzzle by Tony and Lara Martin. www.CrosswordWeaver.com

ACROSS

- 4 Can be used to test PM generators
- 5 Smaller diameter tires will cause the speedometer to read _____
- 7 Measures total miles traveled by the vehicle
- 11 Color of the brake warning lamp
- 14 Type of gauge containing a bimetallic strip
- 18 Type of display used in television sets
- 19 Type of gauge that reads low when resistance of the sensor is low
- 20 These lights should all come on when the ignition is first turned on

DOWN

- 1 Another word for analog dash instruments
- 2 Variable display
- 3 IVR: _____ voltage regulator
- 6 Most VTF displays are this color
- 8 Pressure _____ switch: warns the driver of brake system failure
- 9 Type of memory that remains when electrical power is removed
- 10 Type of electricity that can damage computer chips
- 12 Speedometer _____ changes with different diameter tires
- 13 Type of resistor used in fuel level sending units
- 15 LCD: Liquid _____ display
- 16 Must be used to diagnose computer-controlled instrument displays
- 17 PM generators: Permanent _____ speed sensors
